

TECHNOLOGY A COMPETITIVE ADVANTAGE

CRR helps software development and sales companies, and other businesses driven by internally developed software, not only to solve critical business issues, but also to develop and achieve long-term strategic objectives.

Our professionals have deep industry experience, which enables us to deliver services specific to your unique and ever-changing business needs.

We can assist you in many ways, including:

- Accounting + attest
- CFO level consulting
- Income tax provision
- Multi-state taxation
- SOC reports
- Transaction advisory
